

QUESTIONING AND DISCUSSION- DEPTH OF KNOWLEDGE QUESTION CARDS

For classroom teachers, the more important question is one of practice: how do we create rich environments where all students learn at a high level? One useful tool, Norman Webb's Depth of Knowledge Levels, can help teachers meet that challenge. Depth of Knowledge (DoK) categorizes tasks according to the complexity of thinking required to successfully complete them.

OUR CARDS

DOK QUESTION/VERB CARDS are used in a number of ways in the classroom. When students understand the importance of deeper thinking questions, it opens up another realm of their learning.

The DOK QUESTION/VERB CARDS are graduated in color. Starting from white through dark red, the more intensive the color, the more thinking (rigor) is required to find the answer/complete the task.

DOK QUESTION/VERB CARDS support the Danielson Teaching Framework 3b- USING QUESTIONING AND DISCUSSION TECHNIQUES.
